

**REMARKS**

The Preliminary Amendment is made to eliminate informalities in the specification, claims and abstract resulting from a literal translation of the French text, to eliminate the use of multiple dependent claims, which are dependent from other multiple dependent claims and to insert headings as is to conform the application to U.S. practice.

The present application is believed to be in condition for examination, which action is earnestly solicited.

Respectfully submitted,  
MILES & STOCKBRIDGE P.C.

It should be clear to those skilled in the art that the present invention allows for embodiments in many other specific forms without going beyond the scope of application of the invention as claimed. Consequently, the present embodiments should be considered as examples, but [which] can be modified within the range defined by the true merit [spirit] of the invention and scope of the [invention as set forth] in the attached claims, and the invention should not be limited to the details given above. [to which resort should be made for a full and complete understanding of the full scope of the invention].
